

A cheerful search-and-find book crammed with zany details

Follow Finn

PETER GOES

The gnomes are on the loose! That's why Finn and his dog Sep are racing after them. Follow their chase through 'Follow Finn', a fantastic journey full of fairytale characters and strange creatures, with a puzzle on every page and a new story in every scene.

Peter Goes created a magnificent search-and-find book of mazes and more. Your eyes will deceive you from cover to cover as you search for Finn and Sep in true *Where's Wally* style. You'll also need to keep your eyes peeled for two little soldiers, a gang of escaped gnomes, Mr & Mrs Platypus and a present.

Exquisitely drawn. A thrilling challenge for youngsters which is guaranteed to keep them absorbed and entertained for hours.

LANCASHIRE POST

Each image is packed with detail, and the text gives the reader tasks as it tells the story: help Finn gather his clothes, find the keys to match each lock, locate the beginning and end of each maze ... The background of every two-page spread comes in a different colour, against which the imaginative black and white drawings – highlighted here and there with a splash of colour – really come into their own.

Goes once said 'I unwind by delving deeper and deeper into drawings', and it is clear that he invites his readers to do the same. Lose yourself in his labyrinth, and make sure you don't skip the endpapers! They too will enchant you.

A murky ramble satisfyingly festooned with surreal creatures and detail

KIRKUS REVIEW

AUTHOR

Peter Goes (b. 1968) works as a freelance illustrator. His work boasts tightly composed images and a recognisable style: the background to his illustrations is always dominated by one main colour, while the cartoonish figures and objects are rendered in black and supplemented with a single contrasting shade. His illustrations – many of which are full-page – are stylistic gems and often packed with funny details. Goes has a great eye for detail: there's always something new to discover in his dynamic work.
