

A new heroine arises

Yasmina and the Potato Eaters

WAUTER MANNAERT

Yasmina is a true domestic goddess. Her father is struggling to make ends meet while working in a chip shop, but luckily Yasmina knows the right people and places so she can serve him a delicious meal every day. Before and after school she pops round to old Cyriel and his neighbour Marco, who both have allotments on a strip of wasteland (and disagree on the correct way of growing vegetables). She is an enthusiastic forager and occasionally she clambers onto the off-limits roof garden of her upstairs neighbour to steal produce.

Never moralising but always with great finesse

LA BD LIBRAIRIE

But then one day the allotments are turned over and seized by an industrial food business, and not much later an addictive type of potato appears on the market with rather strange consequences for those who eat them. When her father falls victim to this mystery as well Yasmina decides that enough is enough.

Comic land Belgium has another master

DE VOLKSKRANT ON 'WEEGEE'

With great style, Wauter Mannaert draws the extraordinary world of Yasmina, who bravely squares up to a criminal food manufacturer. 'Yasmina and the Potato Eaters' is a thrilling and fast-paced adventure story that sheds light on the downsides of scientific progress, our diet and the food industry but that is never moralising. Yasmina herself is a refreshing heroine for a new generation.

AUTHOR

Wauter Mannaert (b. 1978) graduated as a master in animation film at Sint-Lukas Brussels in 2002. He currently works as a graphic novelist, illustrator and cartoonist in Brussels. After his studies and before turning towards comics, he specialized in media education and worked for years as a youth worker in one of Brussels' most deprived neighbourhoods.
